

## GENERAL DERMATOLOGIST OPPORTUNITIES IN PHILADELPHIA

The Department of Dermatology at the University of Pennsylvania has opportunities for full time, general dermatologists to join established Penn Medicine practices in Philadelphia, PA and the surrounding community. We have multiple physician employment models with no research requirements. We offer competitive compensation with an annual base and a collections-based incentive plan. Relocation benefits and/or sign-on bonuses may be available for certain positions.

Our clinical practices are staffed with both nurses and medical assistants, and our patient demand is consistently high. We'll help you to optimize your clinical practice, providing flexibility in scheduling, patient volume and panel size to adapt to your needs. Our medical billing team provides excellent support to both patients and physicians, and our Department has a strong track record of financial stability and growth.

We offer outstanding benefits, including tuition benefits for employees, spouses, and children and matching contributions to 401(a)/403(b) retirement plans. Physicians employed by the University of Pennsylvania may be eligible for Public Service Loan Forgiveness or other loan repayment programs.

Applicants must have an MD, DO, or MD/PhD degree and be board-certified or board eligible in Dermatology.
