

Early Cutaneous Research Experiences (ECuRE) Seminar Series

Cookies and Conversations with Junior Mentor

June 25 at BRB 1412 and Zoom

At Penn Dermatology we understand that mentors can be found at all stages of the career journey and each of us has a unique path. During this session you will have the opportunity to meet some of our talented trainees, learn about their research and their evolving career paths.

Research Talks

July 2, 9, & 23 at BRB 1412 and Zoom

Dermatology encompasses a variety of research areas and includes basic, translational, and clinical research programs. This week you will hear from trainees and staff about their ongoing research.

Responsible Conduct in Research

July 16 at BRB 1412 and Zoom

Ethics in scientific research is extremely important to both the rigor of the research and quality of training programs. It is also required that all NIH funded researchers undergo regular trainings in Responsible Conduct for Research (RCR) for topics including, data management, scientific rigor, peer review, mentorship & collaboration, conflicts of interested, and more. This session will be directed by Dr. Elizabeth Grice.

Meet the Mentors & Ice Cream Social

July 30 at BRB 1412 and Zoom

Bring your questions to this roundtable forum, an interactive and informal session with Dermatology faculty on a wide range of topics! Session will be followed by an ice cream social with the department.
